Achieve career and university success in the UK with the University of Brighton's International College!

The University of Brighton's International College is your pathway to the University of Brighton, whose career-focused degrees attract students from over 150 countries. The University is in regular contact with almost 2,000 businesses and organisations, so by studying here, you can embark on your pathway to career success.

International College courses give you the academic skills, subject knowledge and English language ability needed for successful bachelors or masters degree study at the University of Brighton. You are guaranteed progression to the University when you pass your International College course at the required level.

Foundation certificate: prepare for the first year of an undergraduate degree at the University, or continue to an international year one programme at the International College, from which you can progress to the second year of a University of Brighton degree. The following subject options are available:

- arts and design;
- business, hospitality, tourism and social sciences;
- computing and creative technology;
- science and engineering.

International year one in business: gain fast-track direct entry to the second year of an undergraduate business degree at the University.

Graduate diploma: prepare for a postgraduate degree at the University of Brighton. Choose from the following subjects:

- arts and design;
- business, hospitality, tourism and social sciences;
- science and engineering.

Start dates are offered throughout the year, and preparatory English is available if you need extra help with your English language before starting your university preparation course at the International College.
