I love the fact that the class sizes are small and everyone participates and shares their ideas. There is a great nationality mix and the College has all the facilities I need for effective study.

There is a community day at the start of each term and the College organises several clubs and activities, which are a great way for students to socialise.

Liverpool is a city of rich cultural heritage. There are so many places I like to visit to enrich my experience outside the classroom, including parks, restaurants, museums and cinemas.
